

ADVANCED BUSINESS COMMUNICATIONS

X30 Office Phone

The One Phone for Business

Simplify your communications with the one desk phone for all of your business needs. Engineered for security and effortless scalability, the X30 maximizes your workspace with a modern, compact design. Enjoy crystal-clear HD audio, wireless freedom, and smart keys for instant team intelligence. The X30 comes pre-provisioned and allows you to simply plug the phone in and start making calls. Our fully managed solution keeps you flawlessly connected while we handle the tech.

Expandable Module

12 custom keys to manage calls and user status; expandable up to 180 keys with optional modules.

WiFi Capable

WiFi-enabled (X30WB models) to allow connection with a wireless network.

POE

Power over Ethernet with 1GB passthrough.

HD Audio

Hear all call details in clear, high-definition sound—whether on a 1-to-1 or conference call.

Bluetooth

Seamlessly connect with headsets for hands-free calling.

Color LCD Display

Clearly see all your communication activity on a single screen.

Plug and Play Convenience

Phones are configured and ready to go when you take them out of the box. Simply plug your device into your network's Ethernet connection and start communicating.

Customizable Presence Indicators

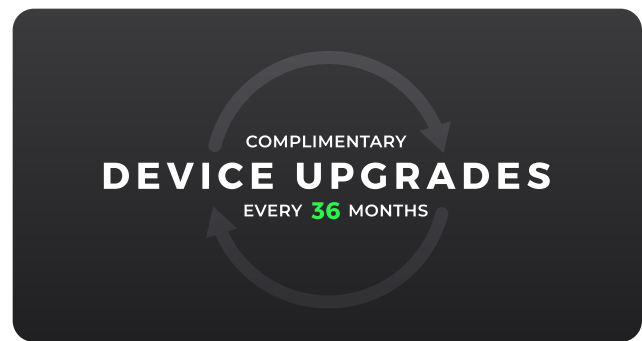

Empower employees to personalize their desk phone experience by tailoring digital presence keys to fit their unique workflow. For high-volume roles, scale visibility using sidecars to manage up to 180 programmable options.

Customizable Presence Indicators

Centralized Device Management

Manage every phone in your system from a unified portal. Easily deploy firmware and updates, manage presence keys, manage lines, add new users and more.

Phones that Evolve with your business

Experience a communication system that advances alongside your business. We provide continuous firmware and software updates that enhance your call quality and add new functionality behind the scenes. With Cytracom phone service, hardware is included at no additional cost, and it is covered by a warranty for the life of the service. To ensure you always have the latest tech, our Evolve program provides a complete hardware refresh with brand-new devices every 36 months upon request.

Why Cytracom?

Cytracom makes VoIP simple—simple to install and use. With a reliable platform built on flexible, cloud-based technology, Cytracom delivers fully managed, enterprise-grade Hosted VoIP tailored to small business needs.

Free Phones

Get free business phones for all of your users.

36-Month Upgrades

Stay up-to-date with the latest phones.

Lifetime Warranties

Eliminate maintenance fees with lifetime warranties.

No Contracts

We don't require long-term commitments.
